

# PS-2021

## Product Description:

PS-2021 is a polyester which has been coated on each side with a permanent acrylic adhesive to result in an optically clear double face tape option for use in applications where reliable adhesion without compromising visual characteristics of the adjoining surfaces is required.

## Construction / Properties:

Property	Value	Test Method
Color	Clear, colorless	Visual
Adhesive Thickness	0.020 mm (each side)	QSP-726
Polyester Carrier Thickness	0.025 mm	QSP-726
Total Thickness	0.065 mm	QSP-726
Adhesion to Steel	>1300 g/25mm	QSP-722
Continuous Use Conditions	-20 to 150 C	WI-8.2-13

## Features

- Converter Friendly
- Good Dimensional Stability
- Excellent for Auto-Dispense Applications
- Flexible

Specific tests should be performed by the end user to determine the product suitability for the particular application.
