

## PS-1190

### Product Description:

PS-1190 is a matte black thermoplastic polyurethane which has been designed to resist wear due to its high hardness and tensile strength.

### Construction / Properties:

| Property                | Value  | Test Method |
|-------------------------|--|-------------|
| Thickness               | 0.25 mm, 0.30 mm, 0.35 mm, 0.40 mm and 0.50 mm | QSP-726     |
| Color                   | Black  | Visual      |
| Hardness (Shore D)      | 60   | ASTM D2240  |
| Tensile Strength, Yield | >550 kg/cm <sup>2</sup>                        | ASTM D412   |
| Elongation at Break     | 340%   | ASTM D412   |

### Features

- High Hardness
- Good Wear Resistance
- High Temperature Resistance
- High Tensile Strength

Specific tests should be performed by the end user to determine the product suitability for the particular application.
